

Master of Philosophy (MPhil) and Doctor of Philosophy (PhD) Programs in Management

Curriculum for Master of Philosophy (MPhil) Program in Management

The Master of Philosophy (MPhil) program is a research-oriented degree that aims to prepare students for a research and teaching career in universities and research institutes. It has a global perspective with a focus covering areas in Organizational Behavior, Human Resources Management, Corporate Strategy, and Organization Theory. It is intended to be taken as the first part of the Doctor of Philosophy (PhD) program.

Program Requirements

a) Introductory Quantitative Requirement

Unless students have clearly demonstrated sufficient knowledge in the area, students entering the MPhil program are required to take the following two mathematics-oriented courses in the first regular term of study. The credits earned from these two courses cannot be counted toward the degree requirements.

ECON 5100 Mathematics for Business and Economics
ISOM 5540 Introduction to Probability

b) RPg Professional Development Requirement

Students are required to complete and pass SBMT 6770 Professional Development in Academia for Business in their first 1.5 years of study. Part-time students may be given extension to complete this course, subject to prior approval of the Department Head and PG Coordinator. The 1 credit earned from this course cannot be counted toward the credit requirements.
