

Master of Science (MSc) Program in Accounting

Academic Director:

Tony SHIEH, Associate Professor of Business Education of Accounting

The Master of Science (MSc) program in Accounting provides students with an interest in accounting a prime opportunity to further their study with a premier accounting curriculum at postgraduate level. The program is both practical and academically rigorous. It is based on a foundation of carefully designed courses and components, and intends to cultivate “thinking” professional accountants, nurturing them to become successful business professionals across different business functions within diverse organizations.

The program caters for accounting and non-accounting majors from business disciplines who are thinking of developing, or further enhancing, their careers in accounting and other related fields. Through this program, graduates will derive knowledge in accounting and business related areas at postgraduate level and be accredited by the Hong Kong Institute of Certified Public Accountants (HKICPA) Qualification Program (QP).

The program provides students access to professionalism and the opportunity to master future success.

Admission Requirements

Applicants must possess a bachelor’s degree with good standing in business disciplines from a recognized university or an approved institution. Work experience is not required but will add weight to the consideration. GMAT score will also be considered if it is available.

Program Duration

The normative duration of this full-time program is one year.

Program Fee

The program fee for the 2014-15 intake is HK\$200,000. The program fee covers tuition, textbooks and course materials for some of the core courses, and some enrichment activities. Students will be charged an extra fee of \$15,000 per course for taking undergraduate basic courses for fulfilling the entrance requirement of HKICPA QP.

Curriculum

Students are required to complete a minimum of 15 courses (30 credits), including 8 core courses (16 credits) and 7 elective courses (14 credits).

a) Core courses (16 credits)

ACCT 5160	Corporate Financial Reporting I
ACCT 5170	Corporate Financial Reporting II
ACCT 5210	Managerial Accounting Foundations
ACCT 5410	Taxation
ACCT 5510	Auditing
ACCT 5630	Business Law
ACCT 5640	Company Law
FINA 5120	Corporate Finance

b) Elective courses (14 credits)

A list of program specific electives offered in a particular year will be announced at the beginning of each intake. The elective courses are a selection of courses in various business disciplines which are chosen from the portfolio of the School of Business and Management.

c) HKICPA Qualification Program (Optional)

The HKICPA Qualification Program (QP) stipulates the following six basic subjects as entry requirements. Students interested in QP but lack those subjects in college will need to make up with the equivalent HKUST course designated. The program will not admit students who missed more than two courses in their undergraduate studies.

- 1) Accounting (ACCT 2010)
- 2) Economics (ECON 2103)
- 3) Information System (ISOM 2010)
- 4) Management (MGMT 1110)
- 5) Marketing (MARK 2120)
- 6) Statistics (ISOM 2500)

Credits earned from the above undergraduate courses cannot be counted toward the credit requirements of the program.

Course Substitution

Students who have taken equivalent courses during their undergraduate studies may apply for exemption of up to three courses (6 credits). They need to substitute with courses that are offered in the School's MBA or other MSc programs, subject to the prior approval from the Academic Director. The course exemption of students who plan to enter HKICPA QP requires the approval of the Institute.

Graduation Requirements

Students must complete the program with a graduation grade average (GGA) of 2.850 or above as required of all postgraduate students at the University.
